

The conference

The CPCE takes note of new forms of church, such as Fresh Expressions. Through appropriate instruments such as consultations or study processes, it reflects on their ecclesiological significance and asks about their contribution to the renewal of the church. The CPCE seeks dialogue with these churches, movements, and communities.

In this sense, the CPCE invites a representative from your church to participate in the working process on the "Mixed Economy of the Church" within a conference.

- Title of the conference: „Sprouting seeds: forming, reforming, & transforming the mixed economy Church “

¹ The admission of participants respects the order of registration.

² We ask the churches to cover the participation and travel cost of their delegates. If there are churches which cannot afford this, we suggest that you ask your partner churches to do this. If that too is not possible, please write us, so we try to support your delegate.

³ Please name the church position of the attending person and the link to the topic, as well as the contacts. After the registration, we will need more information.

⁴ We also have the possibility of double rooms
